

# HURCO - VMX42SR - 2008

	Manufacturer: <b>HURCO</b>
	Type: <b>VMX42SR</b>
	Year of manufacturing: <b>2008</b>
	Parameters: <b>1066/610/610 mm</b>

## Description:

### HURCO - VMX42SR

- 5 axis machining center (without full simultan option /only 3+2 axis/, dxf option)
- system: HURCO WINMAX
- new spindle in 2016 with max 3000 h
- calibration by servis in 2022 december
- accuracy of new machine!!!
- X/Y/Z moves: 1066/610/610 mm
- B axis: +/- 92 degrees
- C axis rotary table KR610: 360 degrees
- spindle RPM: max 12000
- spindle taper: SK40
- machine weight: 7550 kg
- hours under power: 17154 (1.3.2021)
- spindle hours: 2800 (1.3.2021), spindle change at 2950 h, new spindle has 1100 h
- under power, can be inspected in running condition
