GOODWAY - HA-1600

Manufacturer: **GOODWAY**

Type: **HA-1600**

Description:

HA

Together with the latest technology and high quality components, the GOODWAY HA series utilizes high rigidity four box way bed with 3-step gear spindle and servo indexing turret to provide heavy-duty cutting capability for super large work-piece applications. It is suitable for energy, aerospace and shipbuilding industry.

The optional four-way toolpost, boring bar, and steady rest provide a more efficient turning performance for large work-piece applications. Furthermore, the live tooling turret and C-axis is also available which allows the machine to perform more complicated tasks such as turning, milling, and drilling to fulfill your needs for today and tomorrow.
