GOODWAY - GVI-350

Manufacturer: **GOODWAY**

Type: **GVI-350**

Description:

GVI
The GVI-350 series features an advanced Inverted vertical design on twin spindles and turrets. When integrated with an automated loading and unloading system, it enables fully automated processes from part loading, first-operation machining, part transfer, second-operation machining, to unloading. This setup not only significantly reduces labor requirements but also meets stringent demands for high-precision and high-efficiency mass production.
