GOODWAY - GVH-2000

Manufacturer: **GOODWAY**

Type: **GVH-2000**

Description:

SUPER GV
With leading technologies and high quality components, the SUPER GV CNC vertical turning center combines high rigidity, heavy load capacity and super large machining range advantages to provide you with large sized, asymmetric work piece turning capabilities. The optimal reinforced structure of these series can maintain long term precision even if the table diameter is reached up to 3,000 mm. Plus, with the optional dual ram or live tooling spindle and C-axis, all kinds of complex turning applications can be done easily, which can meet your needs for today and tomorrow.
